—Maharishi

Dear Enlightened Sidhas and Meditators,

It is a joy to announce that an International Transcendental Meditation Teacher Training Course (TTC) for lady Course Participants will be held from 15 May 2010 to 2 October 2010 (four and a half months), at the International Capital of the Age of Enlightenment in Seelisberg, Switzerland—Maharishi's home for a decade in the centre of Europe. This is a special opportunity for Sidhas and Meditators in your country to be trained in the most supreme profession of all time—to gain the ability to whisper infinity and give the gift of Total Knowledge for life in happiness and fulfilment. This is that unique profession where one continually grows in knowledge and blossoms in enlightenment oneself while imparting knowledge for enlightenment, simultaneously creating the basis for Invincibility—Heaven on Earth—for the whole world.

The Transcendental Meditation Teacher Training Course for the Age of Enlightenment is a very precious gift from Maharishi for the enlightenment of every individual and the invincibility of every nation—for the creation of life free from problems and suffering, and for a healthy, happy world based on the health, wealth, and happiness of our world family.

Maharishi's Capital is situated in the midst of the Alpine forests in Seelisberg, overlooking Lake Lucerne and the Rütli meadow, where the Swiss nation was founded. The Capital is always high above the clouds, enjoying a most serene, silent, and pure atmosphere. The course will enjoy the enlightened presence of one of the largest coherence-creating groups in EUROPE.

Meetings will be held in the Grand Hall in Seelisberg and meeting rooms where Maharishi for many years planned so many aspects of his worldwide Movement and brought to light and developed the gems of Total Knowledge that are bringing enlightenment to every individual and invincibility to every nation.

Course Participants will delight in celebrating *Akshaya Tritiya*, the Day of Lasting Achievements (16 May) together with Maharishi's global Movement family. In July, Guru Purnima Day festivities will be an added inspiration for the course. There will also be some occasions for the course to enjoy boat rides on Lake Lucerne, as Maharishi enjoyed for so many years, and at the end of the course to visit some of the extraordinary beauty spots unique to this area of Switzerland.

TRAINING: Maharishi's 'Transcendental Meditation Teacher Training Course for the Age of Enlightenment' is taught by Maharishi through his videotaped lectures, and his standardized teaching procedures.

Graduates from the course will become qualified Teachers of Maharishi's Transcendental Meditation Programme and will participate in bringing Maharishi's Total Knowledge to women of all ages and the gift of higher knowledge for higher consciousness to the student population of the country.

One of the course requirements established by Maharishi is that all Teachers of Transcendental Meditation practise the Transcendental Meditation Sidhi Programme for their greater fulfilment and success in life. Those who are not yet practising the Transcendental Meditation Sidhi Programme will have the opportunity to receive instruction in this advanced programme at the beginning of the course.

Each Course Participant is asked to consider before the course with which Maharishi Invincibility Centre she will associate, or if there is no Centre in her area, where she plans to establish one after graduating from the course. The National Director/GMDO National Director can help her make her choice.

Being a Teacher of Transcendental Meditation is a full-time profession. Those applying for the course should have the desire to be full-time Teachers of Transcendental Meditation after the course. This is the most important profession for the transformation of life on Earth. There is a very timely need for enlightened Teachers of Transcendental Meditation in every city and town of every country.
